Subject: Leviathan Mine Site - PE Stormwater/Snowmelt 2017
[STW PE SCL.pdf](#)
[K1704253.pdf](#)

Rich,

This email serves to provide results of U.S. EPA performance evaluation (PE) samples received on April 27, 2017 and submitted with samples collected on April 28, 2017 coinciding with the storm water/snowmelt sampling activities at the Leviathan Mine Site in Alpine County, California in accordance with procedures described in the Leviathan Mine Site RI/FS Quality Assurance Project Plan, Revision 2 (Atlantic Richfield, 2017). The final laboratory report received on June 1, 2017, along with the field sample control log documenting the blind field identification assigned to the PE samples, are attached to this email.

Please let me know if we can be of further assistance.

Regards,

Lynda Lombardi
